## Paxar 9742 desktop printer

### Affordable and easy-to-use introduction to desktop printing

From retail price marking to healthcare laboratory specimen identification, this printer can handle all bar code marking jobs quickly and efficiently. With its compact size and small footprint the 9742 printer can be used in a variety of applications that can include:

- Retail  
Easy integration into existing EPOS systems makes the 9742 ideal for price markdowns, item marking, returns and shelf edge labelling.
- Healthcare  
Crisp clear printing is perfect for patient record and pharmaceutical product identification and tracking.
- Distribution

This compact and versatile 9742 makes printing box end shipping labels in restricted workspaces possible.
